

CALI-CAMP

“Aspire to Inspire”

Spring 2010

Dear Cali-Camp Jr. Staff Member,

Along with our aggressive jr. staff recruitment campaign to jr. high schools and high school work experience offices, we are also relying on you to help bring new jr. staff to camp.

We have a “Jr Staff Finder’s Fee” for you as added incentive for bringing friends to camp who become Junior Staff. Volunteering your summers at Cali-Camp can make a huge difference in your life and in the lives of your friends. The benefits are endless. You will develop your leadership skills, express your creativity, practice your public speaking skills, develop problem solving and decision making skills, learn more about yourself, your strengths and weaknesses, learn about being a member of a team and much, much more.

Go online at <http://www.calicamp.com/interview.html> for a copy of the Volunteer Junior Counselor information and Jr. Staff Application so you would be completely informed and knowledgeable before you talk to them. Start talking it up, let people you think would be competent staff members know about Cali-Camp and what it means to you.

When you tell your friends about what you will be doing this summer they will be envious and wish that they could be doing it with you. Well, they can. All you have to do is tell them about it, get them excited, let them know how excited you are and they will be hooked.

At Cali-Camp, we believe that our greatest resource for new Jr. Staff recruitment is YOU! We believe so much in this that we are willing to offer to you a

\$25.00 “Jr. Staff Finders Fee”

for each new Jr. Staff member you bring to Cali-Camp. In order to receive the \$25.00

- 1) Each Jr. Staff member you refer to us must be interviewed, hired and must complete at least 7 weeks of camp.
- 2) The new Jr. Staff member must list you as a referral on their application prior to or during their interview

Visit us on the World Wide Web @
